BUY AND BUILD IN
REDWOOD CITY
A Good Place to Live in

VOLUME LXV., NUMBER 6

REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, MAY 10, 1924.

ESTABLISHED 1859

HIRAM JOHNSON DEFEATS COOLIDGE IN SAN MATEO COUNTY BY SMALL BUT USUAL FAITHFUL MAJORITY

Lead of California Senator in County
Reported as 571 Over President
Coolidge--All Precincts In

The election last Tuesday passed over quietly and resulted in a substantial majority for Hiram Johnson in nearly every part of San Mateo county, a majority, however, which he failed to secure in other parts of the state. In Redwood City all precincts except numbers 9 and 10 gave the advantage to Johnson. The results in the Redwood City precincts were as follows:

NO. 1, Zimmerman's Shop
Johnson 61
Coolidge 15
McAdoo 10
No Preference 1

NO. 2, Larrouy's Garage
Johnson 74
Coolidge 28
McAdoo 11
No Preference 2

NO. 3, Odd Fellows' Hall
Johnson 45
Coolidge 31
McAdoo 1
No Preference 1

NO. 4, Eikerkott's House
Johnson 29
Coolidge 24
McAdoo 1
No Preference 1

DID YOU EVER STOP
TO THINK.

By E. R. Waits, Secretary
Shawnee, Okla., Board of Com.
THAT automobile "get ac-
quainted trips" do much good.
They are of great benefit to
any city, large or small.

THAT they not only adver-
tise the home city, but the
cities they visit receive an
inspiration from seeing a live
bunch of business men from a
neighboring city.

THAT these visits show a
spirit of friendliness between
cities and creates a better
friendship.

THAT they show a progres-
sive spirit and bring the cities
closer together.

THAT such trips should be
made an annual event by every
city.

BUSINESS MEN SHOULD NOT
ONLY KNOW THEIR HOME
CITY, BUT THEY SHOULD
KNOW THE NEIGHBORING
CITIES AS WELL.

REDWOOD BOY SCORES AT THE ATHLETIC MEET

Antone Roman of this city made an exceptionally good record at the School Day events held in Burlingame last Friday, at which over seven thousand children from the high and grammar school of the county took part. The local boy took first place in the 15 pound 75 yard dash, in the unlimited 100 yard dash, in the unlimited high jump, and took second place in the unlimited broad jump. In the 100 pound high jump Jack Feeley of Menlo Park took first place.

The school day was an unqualified success, according to all who witnessed the event. A number of programs by the various schools of the county were enjoyed, and Superintendent of Schools Roy W. Cloud addressed the children and the hundreds of older people who were gathered to watch the contests.

In commenting upon the occasion the "Burlingame Star" very pertinently remarks:

"The grandest sight seen in Burlingame for many a day was the parade of the school children last Friday. To see 10,000 children from the wee primary grades to the Junior College in parade, was a sight that caused a lover of his country to swell up with pride. In spite of all the talk of danger from bolshevism and other diseases, one cannot see such a gathering of school children and have fear of the mouthings of the unwashed. There in line were children of a dozen foreign born nations, all marching under the American flag, and receiving under our wonderful school system lessons in patriotism. The impressions of these young minds will make safe the future of our country. This great parade marching four abreast, many blocks long, with teachers accompanying, flags flying and drums beating, was a guarantee that the public schools are worthy of an effort as it is the melting pot which makes good American citizens."

LOCAL EAGLES TO TRY FOR STATE PRIZE
A team of local members of the Order of Eagles, composed of Miles Sharkey, Harry Louis, Fred Garcia, Sterling Oakman and Fred Garcia, will compete for the state prize for ritualistic work at San Bernardino on the 26 of this month. The team of local Eagles has won considerable fame for their manner of conferring the work of the order.

Tuesday of last week this team put on the work of the Eagles for a class of 82 members for the lodge in San Jose, and they will initiate another large class on the 26 for the same lodge.

YOUNG WOMAN FINED FOR DISTURBING PEACE
Miss Kitty Drayer of San Francisco, who appeared before City Recorder Mansfield Monday on a charge of reckless driving and of disturbing the peace, was fined \$20 and had her license taken away for ten days on the first charge and fined \$10 on the second.

Miss Drayer was arrested by Officers Kreiss and McLaughlin after her car had crashed into a car half on the highway by the officers.

When arrested Miss Drayer is said to have used vile language and to have called the officers names until for the hearing of the children who gathered around to watch the proceedings. The profanity induced in by the woman caused the second charge to be placed against her.

J. J. SHEEHAN DIES AT COMMUNITY HOSPITAL
Joseph J. Sheehan passed away at the Community hospital at Berkeley last Monday afternoon, following a short illness. Sheehan, who was 37 years of age, was a brother of Bartholomew J. and Maurice Sheehan and son of Bartholomew and the late Mary Sheehan. He was a nephew of former Sheriff Michael Sheehan.

You can make a homely girl pretty by saying that she has a kind heart.

GEO. A. MERRILL, MEMBER OF SCHOOL SURVEY COMMISSION

Mr. Geo. A. Merrill, former mayor and a resident of this city, has been appointed by the San Francisco Board of Education with Hon. Will C. Wood, Supt., Fred A. Hunter of Oakland, Supt. H. B. Wilson of Berkeley, and Dr. Elwood P. Cubberley, head of the School of Education of Stanford University, as a member of the school survey commission of San Francisco to determine the needs of the educational system of the metropolis. This commission has already recommended that a bond issue of \$15,000,000 should be called to take care of the immediate school needs in San Francisco. A bond issue of \$12,000,000 was carried last year but it has been found that this amount is not sufficient for present requirements.

Mr. Merrill is head of the Lick 'William' Lux High School, a member of the school survey commission of San Francisco which are under the supervision of the regents of the University of California. He is a conservative school man and his recommendation should carry considerable weight.

McCracken Gets Merited Promotion

Charlie McCracken, who for the past two years has been employed in the sales department of the local office of the P. G. & E. has been promoted to the position of business manager of the local district. The promotion of the young Redwood man to the position of responsibility is a reward for the faithful service he has rendered his company during the time of his employment.

NEWS JOYS OF INTEREST FROM WOODSIDE

J. J. Fagan and family have returned from an extended visit to Honolulu and have taken possession of their home in Woodside for the summer.

Selah Chamberlain and family will leave shortly for a stay of several months in Europe.

Dirk Shields of Redwood City entertained a number of his old friends at a dinner party on Saturday night at the home of his wife.

The Woman's Club of Redwood City held a basket lunch and picnic in Fred Mighall's redwood grove on Wednesday. About fifty ladies of the club and their friends enjoyed the day in this beautiful setting and the fortune tellers, gypsies, gags and ice cream pavilion returned a material addition to the club's exchequer.

When Ed Rowan took possession, a few months ago, of the property formerly belonging to Jeffrey French he made elaborate improvements to the garage. He completed its size, put in cement floors and spent a loving attention to its outward appearance. On Thursday morning the supposed garage went up in flames, and when the roof fell in and the walls fell out there was displayed before the complete equipment of a first-class bootlegging establishment, including a big copper still and 16 barrels of mash. It was only by the greatest efforts of the greater part of Woodside's male population, that adjoining property was saved from the destruction of the fire.

One of the greatest needs of Woodside at the present time is some kind of fire fighting equipment. No where will you find a body of men who will respond more quickly and fight fire more efficiently than the Woodside fire company. Our pitiful water supply their efforts are often of little avail. With a small chemical engine equipped as a trailer so that it could be hooked behind an automobile these men would be able to reach many a fire in its incipency and prevent the destruction of property worth many times the cost of the equipment.

Our eyes were gladdened this week by the sight of a six inch pipe being laid over the Moore and Chamberlain hills into Woodside for the purpose of connecting the Spring Valley water supply with the Bear Gulch system. This guarantees us against the feared water famine this summer and by increased pressure will improve the service to all consumers.

NOTES FROM BELMONT

Mrs. Barr of San Francisco has been spending the past two weeks with her daughter, Mrs. Thomas E. Moran.

Theodore Pepin, formerly a resident of Belmont, returned from Seattle Wednesday. Mr. Pepin is planning to live with his brother, Walter Pepin, in San Mateo.

George Alquist of Los Angeles was a visitor in town Thursday.

Friends of Thomas E. Moran will be sorry to learn that he has been home ill for the past week.

Mrs. Robb of Texas has been planning to spend a month as the guest of Mrs. Smith.

The card party given by the P. T. A. was voted a success by all who attended.

Albert Tangoria, champion typewriter of the world, was at Sequoia High School Wednesday afternoon and demonstrated his ability as a speed-burner to the pupils of the business department. Mr. Tangoria can write so fast that one can hardly follow his movements. One feat performed was the writing for a period of five minutes in which time he averaged 157 words per minute, and also added a column of figures which was given him.

The young man was demonstrating a well-known make of typewriters.

FOR RENT—Big front room with running water and privilege of bath. Apply Times-Buzzette.

Rooms—1017 Phelps street \$3 for one; \$5 for two. Machine to Cement Plant. 1tp.

ALEX BONZAGNI DIES OF APPOPLEXY

Alexander Bonzagni proprietor of Bonzagni Lodge at La Honda, died fifteen minutes after he was stricken by apoplexy in the office of his brother, L. G. Bonzagni, secretary of a motion picture corporation, in the United Bank and Trust Company building, San Francisco, Thursday. His wife, Margaret, was hurrying to his side from the Hotel Whitcomb when he died.

Bonzagni was formerly president of San Francisco Parlor Native Sons of the Golden West, and was prominently identified among the gay throngs that visited the lodge.

He had been warned by his physicians earlier in the afternoon of his condition and had been advised to take a rest. He was talking over business matters with his brother when he was stricken.

Bonzagni, who was 44 years old, is survived by his wife, Margaret; L. G. Bonzagni, his brother, and his father, Martin Bonzagni, a resident of Martinez.

He was in Redwood City Wednesday and was apparently in good health.

Mr. Bonzagni was known by autoists from all over the country and had made his lodge one of the famous stopping places of the state.

FOOT AND MOUTH DISEASE IS NOW UNDER CONTROL

All San Francisco county, with the exception of "butcher-town," the sections of Woodside, San Joaquin, Stanislaus, Merced, Madera, Kern and Los Angeles counties which have been classed as "modified areas" since April 30 were released from all foot and mouth disease quarantine by action of the federal and state governments, May 6.

Announcement came simultaneously from Dr. John R. Mohler, chief of the bureau of animal industry at Washington, and Gov. Friend W. Richardson of California.

The decision to lift the quarantine from the previously classified modified areas and to place only the "butcher-town" area of San Francisco county in "modified" area, was reached by a conference of federal and state veterinarians in which Dr. J. P. Iverson, Dr. Charles Keane and G. H. Hooks represented the state, and Dr. Houck and Dr. W. C. Herrold the government forces.

All the large wharves in San Francisco again are in free area without restrictions on commodity shipments. The placing of "butcher-town" in a modified area classification will regulate the slaughtering of animals at the stockyards, requiring that they be butchered within 48 hours, and at the same time, it removes certain restrictions from shipment of live stock.

The official action today tightens the ring around the very limited districts of infection, close quarantines being in effect in Orange county, a portion of Los Angeles county, Contra Costa, with spots in Kern, Madera, Merced, Mariposa, Stanislaus, San Joaquin, Alameda, Napa and Solano counties.

Locals

John Poole and Louis Behrens spent four days fishing in Lake County this week. Both of the local Ike Waltons came home with the limit and report that the fish run after the bate as far as they can see it.

John Machado, former assistant district attorney, and now a practicing attorney at San Jose, was in town on business last Thursday.

John Mason, assistant county superintendent of schools, has accepted an offer to lecture for the Elliston White Chautauqua circuit at Auburn on Thursday. Mr. Mason is an eloquentist of unusual ability, and may join the circuit as a regular lecturer.

Mr. and Mrs. Gearey, who have purchased the Palm hospital and the two lots upon which it stands have been improving the place and making it more comfortable. The new owners expect to take in two or three boarders and will serve the best of home cooking in the city.

Bonita Parlor, N. D. G. W., will hold a card party on Thursday evening, May 15, in the Foresters' hall. A committee has been at work making arrangements for the occasion and a good time is promised. A number of good prizes have been secured, and a large attendance is expected.

CONTESTING GRANDMOTHER'S ESTATE

Mrs. Fred Kendall and Mrs. Bell Britton Moore, both former residents of this city, and now of San Francisco, have commenced a will contest in San Francisco in which they are asking for a portion of the \$900,000 estate left by their grandmother, the late Carmel Fallon. Francis J. Heney, the well-known Los Angeles attorney, is appearing for them, and the suit is being conducted in Judge Graham's court.

Mrs. Fallon, the grandmother, was ninety-seven years of age at her death, and was a relative of the late General Vallejo, who took such an important part in the early California history. She left all of her estate to her daughter, Mrs. Anita Fallon Malone, with whom she resided, and did not remember her son or the contestants who are the children of her eldest daughter, and of the late Colonel Nathaniel Britton, who was one of the best known characters of this section for many years.

Sequoia Writers Get Great Praise

Sequoia Union High School made a splendid showing at the convention of high school editors held last week at Stanford, by taking second and third prize respectively with the Sequoia Times, a bi-weekly paper issued by the school, and the Sequoias, the school annual.

The Sequoia Times, successor to the Ioksan, which in turn inherited the virtues of "The Booster," is edited by Miss Christine Graves, Roland Hedge is business manager, and Mrs. F. S. Woolbridge is advisor. The Sequoia was edited last year by Miss Bessie Payne, with Carl Zeh and Miss Agnes Flynn as business managers. Miss Boyle was advisor of the Sequoia.

Those who attended the convention at Stanford from Sequoia were: Mrs. Woolbridge, Miss Boyle, Grace Dearborn, Christine Graves, Roland Hedge and Ernest McArthur.

SENIOR CLASS WINS INTERCLASS BASEBALL CONTEST
The Senior Class at Sequoia High School won the championship in the interclass baseball contest which was carried on during the past week. They defeated the Juniors by a score of 2 to 1 Tuesday, and on Thursday beat the Sophomores, who were the victors in the Sophomore and Freshman game by a score of 8 to 5.

Grant Merrill, who is assistant farm adviser of Kings county, with headquarters at Hanford, visited his parents, Mr. and Mrs. George A. Merrill, on Arlington Road, Wellesley Park over the week end.

A letter to friends in Redwood City received this week from Rev. and Mrs. C. L. Peck, formerly of this city, now located at Tampa, Florida, states that Rev. Peck is fast regaining his health, and often thinks of Redwood City.

Owing to the indisposition of Rev. Malony of St. Peter's Episcopal church, Rev. Dr. Lincoln will officiate at the funeral service tomorrow, there will be no other service. Rev. Molloy who is recuperating after an attack of the influenza, will be absent from his pulpit tomorrow and next Sunday.

William Drude, a graduate of the California College of Pharmacy, has accepted a position with the Lock Drug Company of this city, and is now at work in the local store. Mr. Drude has been employed by the Lock Drug Company of San Francisco.

Remember the I. K. O. Z. dance in the Foresters' hall tonight. Good music and a good time.

Russel Krebs, an expert furniture man, formerly of Los Angeles, has been secured by Woodhams & McNeil of this city to be employed in their furniture store. Mr. Krebs with his wife and family have just moved from the southern city and will settle in Redwood City.

Forest Moody, a former Redwood City boy who has for many years been employed by the Union Oil Company, has severed his connections with that concern, and is now representing the Mohawk Gasoline Company on the peninsula. This is a new company putting out an independent line of products which Mr. Moody is now busy introducing to the motorists of the peninsula.

The Independent Service Station at Five Points has secured the sole agency in Redwood City for Mohawk gasoline.

Arthur Lothrop, son of the late Joshua Lothrop, has petitioned the Superior court of Santa Clara county through his attorney, Jas. T. O'Keefe, on the estate of his mother, the late Mrs. Dennis Duggan. The estate consists of cash and property under the value of \$10,000.

George McNulty and Miles Sharkey attended a convention of the Woodmen of the World in San Francisco last Wednesday night.

E. Strone who resides on Hamilton street, and is a teaming contractor, was injured by the running away of his team at San Carlos Wednesday. It will be several weeks before he is fully recovered from the accident.

Mrs. John Nelson was here during the past week visiting Miss Sallie Nelson and Mrs. T. C. Rice. She left Wednesday for Westwood, Lassen county, to join Mr. Nelson who is employed by the Red River Lumber Company as an accountant.

COMMITTEES NAMED FOR ACTIVITIES OF REDWOOD CITY KIWANIS CLUB

LOCAL BOOTLEGGERS ARE NABBED IN A BIG RAID

Two raids on local shops by federal prohibition officials Wednesday netted eleven accused bootleggers from Redwood City and vicinity. The first raid was made in the afternoon by a federal posse under Prohibition Officer Warren, and took into custody Candida Francois, Charles Tognoli, Pasquel Bialo, C. A. Schmidt, Ralph Stothers and M. Samattay. Later in the evening another raid was conducted by Officers Runkel and McCoy in the outlying districts, and C. J. Sierson, Philomene Barraat, Ed. Johnson, Roy Peterson and Ben Race were arrested.

All of the accused bootleggers were entered at the jail and were later released upon securing \$1,000 cash bail each. They will be called before Judge Kerrigan in the federal court in San Francisco.

A. BARADAT DIES IN MILLS MEMORIAL HOSPITAL

A. Baradat, well-known resident of San Mateo county, passed away at the Mills Memorial hospital last Tuesday, after a protracted illness. Baradat was for many years the county representative of a number of brewing concerns, and at one time conducted the Saddle Rock restaurant in the Germania hall building in this city. For the past four years Mr. Baradat has been retired from active business.

The deceased survived by his widow, Mrs. Jeanette Baradat, two daughters, Gwendolyn and Muriel Baradat, by three brothers, John, Mitchell and Alexander Baradat, and by his parents, Mr. and Mrs. Jean Baradat of New Orleans, La.

Baradat was a native of France and was 43 years old. For 22 years he had been a resident of San Mateo county, at first living at San Bruno, and later at Burlingame, where he had recently finished an expensive residence.

The funeral took place yesterday from St. Catherine's church in Burlingame and was followed by interment in Holy Cross cemetery at Colma.

WOMAN'S CLUB ENJOYS WOODSIDE PICNIC
A large number of members of the Redwood City Woman's Club and their guests participated in a most enjoyable picnic last Wednesday at the Fred Mighall place in Woodside. The tables, laden with all manner of good things to eat were laid under the beautiful redwood trees, and a delightful repast was enjoyed by all present.

Club work was held aside for the day and the ladies enjoyed the beauties of the woods and flowers.

After luncheon races were held, games were played and the various booths; ice cream, fortune telling and grab bag, were splendidly patronized. Several boxes of dainties were sent to the Veterans' hospital in Menlo Park.

A vote of thanks was extended to Mr. and Mrs. Fred Mighall for the use of their beautiful grove and grounds and for the courtesies extended to the club. The chairman of the day was Mrs. C. I. Langford, who was assisted by the following ladies: Meadames A. B. Hood, Walter Kilbourne, C. D. Swett, H. C. Finkler, Walter Ray and W. B. Frost.

SUBSCRIPTION RATES

One year, in advance \$2.50
Six months, in advance 1.50

Entered as second-class matter, at the Postoffice at Redwood City California, under the Act of Congress of March, 1879.

SATURDAY, MAY 10, 1924.

THE CASE OF THE PRINTER

It is peculiar how some people see a business proposition and what different slants they get when they are buying anything. Men who are in business expect salesmen to call on them and show their goods. They make their orders and pay the price asked without a question, or they look up the quotations in a catalogue and send in their order.

When they have their stock they put a price on each article and the public comes in and buys it or leaves it alone.

Is that the way the dealer who fixes his prices treats the paper in his home town? We'll tell the world it isn't. If he has a little job that will cost him from three to five dollars, he goes to each shop in the town and asks the printer to bid on it. Then he takes it to the lowest bidder. He doesn't know it but he usually loses out by this process, for the cheaper the job, the cheaper the stock, and the less care in the composition and printing. Who ever heard of going to three drug stores and dicker as to the cost of a prescription? It isn't done. But a goodly number of printing jobs are done that way.

This article isn't the result of any particular grouch. We are willing that business men shall conduct their business in that way if they think it is fair. We don't care whether or not we are low. What this paper will always give is honest service and fair prices. We think that the printer should receive the same treatment that is accorded every other business man.

THE JAP QUESTION

Every loyal Californian must admire the action of Senator Samuel M. Shortridge in his prosecution of Japanese legislation. Mr. Shortridge knew conditions out where the west begins that are absolutely unknown to the easterner. Hence he worked wonders in getting his anti-Japanese legislation through Congress as soon as he did.

It now begins to look as though still greater honors might come to our Sam. While it would have been more than gratifying to every loyal Californian to have seen a "Native Son" elevated to the presidency of our great nation, it would be a wonderful thing should a resident of our own country be chosen as a running mate for the president in his presidential campaign. Senator Johnson was offered the nomination four years ago, but did not wish to take it. We hope that a similar offer may be made to Senator Shortridge this year and that he will accept the offer.

It isn't so many years ago that Senator Shortridge was teaching school in a central California county. Now he is one of the leading figures in our national life. Truly the United States is a land of opportunity for any boy or man who has determination of purpose or who is willing to work.

FEELING SORRY

This week in a neighboring city a man was acquitted of the charge of manslaughter. His was a "hit and run" case, and a little girl is sleeping the long sleep because he had a heart attack while at the wheel. The man is genuinely sorry. He would do anything in his power to bring the little girl back and he says that he will never drive a machine again.

Every man who drives a machine after he has taken one or more drinks of gin or any other kind of intoxicants is taking the chance of injuring some one. The drink may not befuddle or paralyze his mind and then again perhaps it may.

Booze is a dangerous drink and it doesn't go well with automobilism. Everytime a man is caught driving after a drinking feast he should be permanently deprived of his driving license.

MOTHER

Don't forget to wear a flower for mother tomorrow. If she is still living go and see her and tell her that you love her, and make her know how much she means to you. If she is in the old home and you are away out here in the golden west, write her a good long letter and tell her how things are going and what you hope to do or be. It won't take you very long and it will give her a world of delight and pleasure.

If she isn't with you any more, wear a white carnation. It's just a little symbol of your remembrance. Most of us are not as thoughtful as we should be of "Mother," and we don't think about many of the things we should, until it is too late. There is nothing that she wouldn't do for us. No sacrifice is too great and it isn't really a sacrifice either, because love is the promoting force, and where love is it isn't considered a sacrifice.

So where ever she is think about her tomorrow. Don't wait until Christmas to send her a gift, get it ready today and send it back to the old home town to mother.

RAIL RATES REDUCED TO MEET EMERGENCY

As a measure of relief to the live stock industry the railroad commission this week authorized emergency reduced rates, reducing present rates 25 per cent, for the transportation of lambs for slaughter in carloads from points throughout California to the packing plants at San Francisco, Oakland, Stockton, Sacramento, Los Angeles, San Diego and other points.

These rates, which were established upon application of the principal rail carriers of California, represented by F. W. Gomp, agent, will remain in effect until May 25, 1924, at which time it is expected the emergency movement of lambs

will have been ended.

Under normal conditions California ships hundreds of thousands of live lambs to eastern markets annually. It having been found that the animals produced better prices when shipped alive. The lambs are being slaughtered in California this year, and the fresh meat is being shipped east by express, the express rate having been reduced materially to meet the situation.

The "great unrest" that we hear so much about doesn't apply to tongues.

A square jaw doesn't always indicate a powerful mind; sometimes it merely indicates a powerful jaw.

SUPERVISORS VOTE TO ABANDON STREET

The board of supervisors of this county at their regular meeting last Monday decided to abandon a portion of a public street in the vicinity of Granada on the coast side. The matter of abandoning this portion of the street, which was laid out in the original town of Granada, but according to evidence adduced had never been used as a street, was introduced at a former meeting of the board, and was laid over to the last meeting for consideration.

Dante Dlanda, an extensive raiser of artichokes on the coast side, and the petitioner in the case, was called to testify as to the conditions of the street and the land surrounding it. The action was opposed by Daniel Saure and C. C. Christensen, residents of Granada, who were represented by Attorney Christensen. As the board had made a personal investigation of the conditions, however, they were able to act upon first hand information, and the street was abandoned.

A petition was received from a number of residents of San Carlos asking for the installation of a number of lights in San Carlos. The petition was granted upon a motion by Supervisor Brown, seconded by Supervisor Francis.

Lloyd W. Thayer of the Metal and Thermite Manufacturing Company, who is going to Washington in furtherance of the project of having the sand bar dredged from the bay off South San Francisco, was made a representative of the county board.

Four important ordinances were introduced by the district attorney to be passed upon by the board at a future meeting. These have to do with licensing and regulating certain business in the county as follows:

The first ordinance introduced by the district attorney provides for a license of \$50 per year for any person practicing fortune telling, astrology or any kindred trade. Before a person can secure a license for any of these occupations, he must first provide a detailed account of his methods of making a living during the past five years, and file an application to which his picture is attached and to which a complete set of finger prints have been affixed, and this must then be passed upon by the board of supervisors.

The second ordinance introduced by the district attorney deals with the selling of goods on the highway and provides for the licensing of highway vendors, when it is determined that their business will not interfere with traffic on the highway.

The third ordinance provides for licensing soft drink places in the county, and provides that no one shall receive a license who has been convicted of violating any of the prohibition laws.

The fourth ordinance provides for licensing and regulating public dancing places.

These four ordinances will be considered by the supervisors at their next regular meeting.

Bids were received and opened for the erection of the county's rock crushing machine near Pescadero, and the surfacing of the road between Pescadero and San Gregorio. Two bids were received, the first from Healey, Moore and McNear calling for \$700 for the first item, and \$70 per square yard for the surfacing. A lower bid was received from W. W. Thompson who offered to erect the rock crusher for \$10 and surface the road for \$20 per square yard. Both bids were rejected, however, as they were considered too high by the county engineer.

AUTHORITY ON BOY PSYCHOLOGY COMING

Dr. H. Leo Taylor Appears Third Afternoon of Chautauqua.

Dr. H. Leo Taylor of Chicago has won an enviable reputation as one of the best lecturers in the Northwest. He is scheduled to give his well-known lecture, "Give the Boy a Chance," here on the third afternoon of Chautauqua.

While the majority of American parents think and feel they are giving their boys every chance offered

by this most favored of countries, they undoubtedly will have their eyes opened to a good many things being neglected when they hear this able speaker. With a vigorous flood of oratory which vibrates with thought and conviction, this speaker will bring home the fact that there is more to raising a boy than giving him an education and bodily comforts.

COURT GRANTS PROBATION TO DRIVER OF TRUCK

Arthur Burness, who recently pleaded guilty on a charge of manslaughter, following the killing of Mrs. Hattie Bartow, who was riding in a car which was struck by Burness' truck, was granted probation this week in the court of Judge George H. Buck.

The truck driver was at first charged with driving while intoxicated, but this charge was dropped and he pleaded guilty to manslaughter. Attorney Bert Mansfield, who represented Burness asked for probation which was granted. During the next two years Burness must report every two months to County Probation Officer Rapp, and must also pay \$50 per month to the family of the deceased for the same period of time.

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette

Being short and devious extracts from the Times-Gazette of the year of our Lord 1899 on May 10 six days.

A horseless carriage containing two occupants passed through town Sunday forenoon, arousing much curiosity, as it is the first even seen in these parts. The rig traveled at an ordinary rate of speed, leaving a strong odor of gasoline in its wake. At Mayfield a team of horses took fright at this peculiar contrivance and ran away, causing considerable damage before the animals were stopped.

William Lipp has begun the erection of a two-story brick building on the property recently purchased from Mrs. Wahl. It will be 66 feet long and 30 feet wide. The lower portion will be used as a store and the upper portion will contain several offices. Robert Brown will superintend the construction of the building.

Dewey Day was fittingly celebrated here Monday. The old cannon belonging to the town was kept warm all day long firing salutes. In the afternoon a patriotic program was rendered in the German hall as follows: Opening remarks, J. H. Mansfield; piano solo, "Dewey's March," Miss Dolly Kearse; recitation, "Antietam," Miss Bliss Rockwell; altar solo, Rev. P. H. Marr; address, Rev. J. J. Martin; piano solo, patriotic melody, Misses Hammon and Kearse; vocal solo, "Star Spangled Banner," Miss Eva Cook; recitation, "Hobson's Choice," Harland Mansfield; "Yankee Dewey Dandy," F. Hammon; "America," audience. Judge Buck and G. C. Ross addressed the audience.

More people have made mistakes in doing something when they did not know what to do, than those who have done nothing.

NEW DANCE ORDINANCE CONSIDERED BY TRUSTEES

A new ordinance was introduced before the trustees of the Town of Redwood City by City Attorney Albert Mansfield last Monday night. The new ordinance embodies practically the same points which are in effect but limits dancing to 1 o'clock instead of three. Persons and organizations desiring permits for dancing closing at 12 o'clock must pay a fee of \$2.50. For a 1 o'clock dance, the fee is \$5.

A contract to dig a deep well at the water works was awarded to A. L. Lowe of this city. Three bids were received and all were practically the same amount. As the work was needed immediately, however, and as Lowe promised to start work first, the contract was let to him.

The board decided last Monday to have erected at the entrance of the town hall, two ornamental standards surmounted by electric lights. An invitation was received by the board to attend the Memorial Day exercises of the Geo. S. Evans Relief Corps. The board voted \$40 to defray the cost of the music on that occasion.

The Pacific Gas and Electric Company was granted permission to set two poles on Sequoia and Oak avenues.

LOCAL CLUB TO DANCE AT FORESTERS' HALL TONIGHT

The I. K. O. Z., formerly an organization of Sequoia High School students, but now composed of recent alumni of that school, will hold its fourth annual dance this evening in the Foresters' hall. Bids for this affair have been out for several days and a large crowd is expected by the local boys.

After the first baby arrives a marriage is likely to be a howling success.

ARE YOU THE "MAN WITH ONE WINDOW"

Find Out at Chautauqua Fifth Night.

"The Man With One Window" will be given some common sense advice about wiping off the cobwebs of egotism and opening up the other sides of his mental house when Dr. E. T. Hagerman comes to Chautauqua. Dr. Hagerman has been on the lecture plat-

form for more than twenty-five years. His easy, every-day manner of talking rather than lecturing, his homely philosophy, quaint humor and habit of illustrating points with appropriate anecdotes, is said to remind audiences of Abe Lincoln. "I failed to hear Lincoln at Gettysburg and I did not hear the Sermon on the Mount, but I did hear Dr. Hagerman," is the significant statement of a committeeman in Los Angeles.

When a dentist advertises painless extraction he means that it will be painless to him.

Courage

"Screw your courage to the sticking place and we'll not fail."

—SHAKESPEARE (Macbeth)

IT required real courage to increase the patronage of the Bank of Italy from just a few to over a half a million depositors—from resources of \$285,000 to over \$300,000,000—from one office in San Francisco to 82 offices in 57 California cities.

Courage counts in saving as well as in progressive banking. Courage and compound interest will make you financially independent—and this bank's facilities are ready to assist you to that goal.

"dangerous!"

says the doctor

"use ice!"

Milk should never be kept in a temperature warmer than 50 degrees. Even before it spoils it loses much of its food value, and may disagree with young children. There is only one safe place to keep milk—in the cold, even temperature of a refrigerator. Where there are children in the home the regular use of ice is a necessity—all the year round!

The time to take ice is now! Hang out your ice card today—and see that your refrigerator is filled regularly.
